*Time is a fable and a mystery: it has ten thousand visages, it broods on all the images of the earth, and it transmutes them with a strange, unearthly glow. Time is collected in great clocks and hung in towers, the ponderous bells of time throng through the darkened air of sleeping cities, time beats its tiny pulse out in small watches on a woman's wrist, time begins and ends the life of every man, and each man has his own, a different time.*

# FOREWORD

For the thirtieth edition of the Fredonia Central High School Hilltopper, we, the class of 1961, have chosen as our theme *TIME*. As the time approached for us to end our high school careers, many thoughts were given to the way we and all the other students spend their time at F. C. H. S. This book is our presentation of these thoughts.

The Class of 1961 extends its gratitude to all those concerned with the success of this yearbook: the faculty, administration, and students. We hope we have helped our readers to become better acquainted with, and to be more interested in the daily life at our school.

# DEDICATION

MR. AND MRS. RICHARD WILLIS

We, the Class of 1961, are proud to dedicate our yearbook to Mrs. and Mr. Richard Willis, who have unselfishly given so much of their time to help us in our journey through high school.

We owe much to Mrs. Willis for the success of our Junior and Senior Play productions, both of which she advised. Mr. Willis was one of our class advisors during our freshman and sophomore years, which hold happy memories for all of us.

Mr. Willis has taught English at Fredonia Central High School for ten years, four of which he has shared with us. In addition to being the advisor to the sophomore class, he teaches four classes of tenth year English and one section of ninth year English. Mrs. Willis, a relatively new teacher, has taught English here for two years. She previously taught at Westfield Academy High School. She now teaches fourth year English classes, one section of tenth year English, and is an advisor to the sophomore class.

Organizations to which the Willises belong include the Fredonia Teachers Association, the Parent Teachers Association the New York State English Council, the National Council of Teachers of English, and the New York State Teachers Association.

Mr. and Mrs. Willis has a four-year-old son, Grant. In her spare time, Mrs. Willis enjoys reading, writing and talking. When Mr. Willis has spare time, he indulges in reading, painting, sculpting, chess, cribbage, "a rousing game of backgammon," and tennis "when I'm up to it."

Mr. and Mrs. Willis at Home.

We owe much to these two Fredonia High Teachers; the class of 1961 would like to express a sincere "thank you" to Mr. and Mrs. Willis for all the help they have given us.

# SENIOR THANK YOU

MR. RUDOLPH MILLER

Fredonia Central School is fortunate to have such an excellent teacher on the Math Staff as Mr. Rudolph Miller, who has been with us a number of years and will always be remembered by the Class of 1961. When we were sophomores Mr. Miller, one of our class advisors, was always willing to help when we asked. Those of us who have been fortunate enough to have had Mr. Miller as a mathematics teacher appreciate all the time he has spent helping us pass our courses. Any of us who have taken such courses as Algebra, Plane Geometry, Intermediate Algebra, Plane Trigonometry, Advanced Algebra, and Solid Geometry are aware of your vast knowledge and are grateful for your help.

We, the Class of 1961, wish to express a special thank you in deep appreciation, for your ceaseless efforts to instruct us and help to make us better citizens.

# ADMINISTRATION AND FACULTY

# BOARD OF EDUCATION

*Left to Right:* Mr. G. Grant, Mr. G. Hunter, *President;* Mr. R. Holiday, Mrs. F. Anderson, Mr. L. Straight, Mr. L. Webster. Missing when picture was taken is Mr. D. Gormley.

The purpose of the central school board is to work together with the principal and the superintendent of schools to see that there are sufficient building facilities, teaching personnel, and equipment. The members of the Central School Board, representative of the people in the surrounding area, are: Mrs. Glenn Hunter, president; Mr. Douglas Gormly, clerk; Mrs. Florence Anderson, Mr. George Grant, Mr. Loren Webster, Mr. Howard Holiday, and Mr. Leslie Straight.

These capable board members are presently working on the problems of planning for the building of a new school, whose need is shown through the terribly overcrowded grade schools and high school. They have consulted architects and are presently searching for and may have found a suitable site on which to locate either or both of these buildings. It is our hope that the board will be able to achieve this goal soon. We wish to congratulate the Board of Education on its fine work in helping to promote the education of the younger generation.

# ADMINISTRATION

MR. ROBERT HELMER

Mr. Robert Helmer is the Superintendent of Schools in the Fredonia Central School district. In his years as superintendent Mr. Helmer has made many improvements in the school. He is executive officer of the Board of Education of Fredonia Central School. Mr. Helmer makes many recommendations for the betterment of education throughout the district. His recommendations include such things as educational policies, a school budget, the hiring of new personnel, and the improvement of building facilities. Mr. Helmer's capable supervision of the school system has been felt by nearly everyone in the school.

MR. LINWOOD DE HOND

Mr. Linwood DeHond, Principal of the Fredonia Central Junior-Senior High School, is directly, responsible for the educational program of this institution. Since education is the basis of our democracy, his task carries a tremendous responsibility. Presiding at frequent meetings, he strives to co-ordinate teaching efforts to the designated program; and he plans time for the discussion of arising problems. In addition, he works through co-operation with the Student Council and direct interviews with the students to provide a co-operative and amicable atmosphere between the administration and the student body.

MR. ROCCO DOINO

Mr. Rocco Doino, Administrative Assistant in charge of Business, is responsible for co-ordinating the transportation program of our centralized school system, for ordering all school supplies and equipment, and for all similar business transactions. Greatly intrigued by history and its making, Mr. Doino also instructs the eighth grade history course. Consequently he is in close contact with students and their problems daily, and subsequently would prove a vital link between the student body and the administration.

# FACULTY SCIENCE

*Left to Right:* Mr. Charles Johnston, Mr. Horace B. Reynolds, Mr. Victor Lesso, Mr. James Willett.

To guide Fredonia's Junior and Senior High School students to a profitable learning experience in the field of Science, Fredonia has brought together a competent staff of Science teachers.

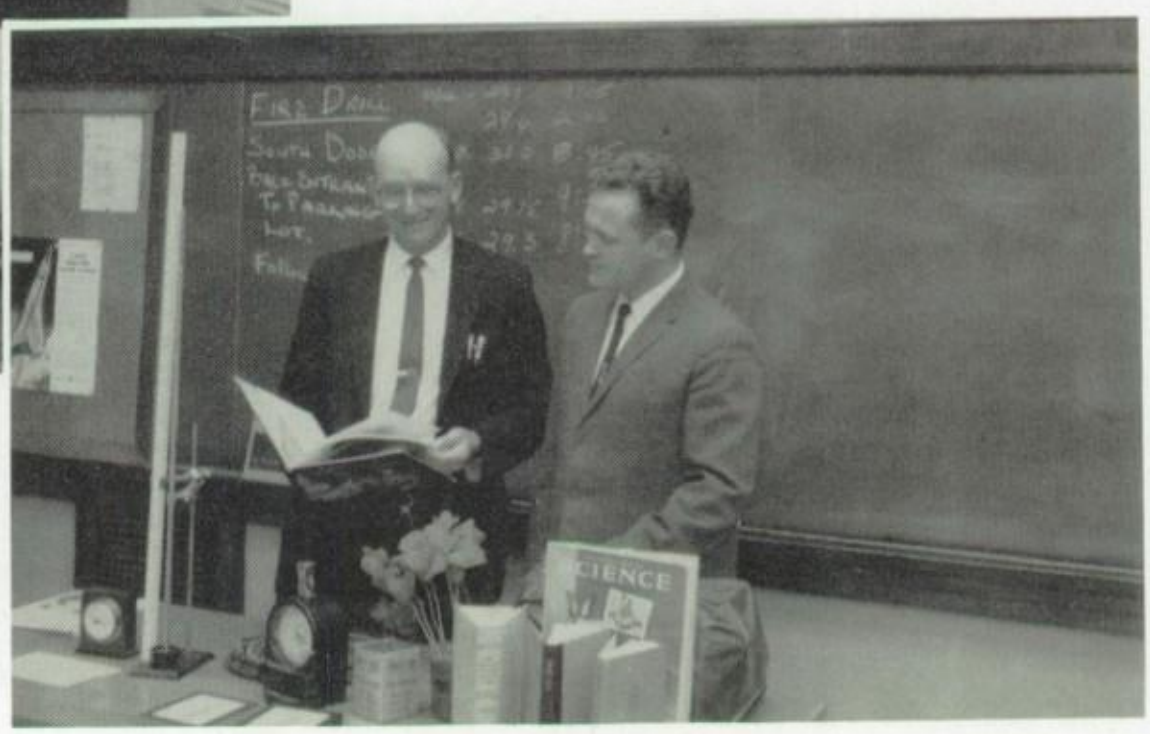
Mr. Charles Johnson is the teacher of junior high science. Science at the seventh grade level deals with the general study of life — mainly plants and animals. Health and earth science compose the major part of the eighth grade science studies.

Mr. Victo Lesso teaches general science and health. General science deals mainly with physical science — light, heat and sound. General Science brings to the student some of the basic principles on which physics and chemistry are established.

The next phase of science taught at Fredonia is Biology. Instruction in this extensive field is given by Mr. James Willett. Under this heading the simplest forms of plant and animal life and the human body and its functions are studied.

The teacher of physics and chemistry is Mr. H. B. Reynolds. In physics, students study matter in relation to the transformation and use of energy. This study includes fluids, mechanics, electronics and nuclear physics. Chemistry deals with the study and changes of matter.

Mr. Reynolds and Mr. Willett working in the laboratory.



Mr. Lesso and Mr. Johnston discussing problems in general science.

# MATHEMATICS FACULTY

Mr. Rudolph Miller, Mr. Conrad Pawlak, Mr. Dean McCreight, Mr. Fredick Kelley.

As we become more involved in the Space Age and our culture becomes more advanced, greater emphasis is being placed on science and mathematics. Many individuals tend to associate mathematics with industry and scientific research; however, math is merely dealing with figures and can vary in complexity from calculating the time and path of missiles to budgeting one's allowance or income. The entire field of mathematics is generally sub-divided into two areas: pure mathematics which deals with the laws of mathematical relationships in the abstract, and applied mathematics which deals with the application of mathematical principles to practical problems. Our school is proud of its excellent math staff which consists of Mr. Rudolph Miller, Mr. Dean McCreight, Mr. Fred Kelley, and Mr. Conrad Pawlak.

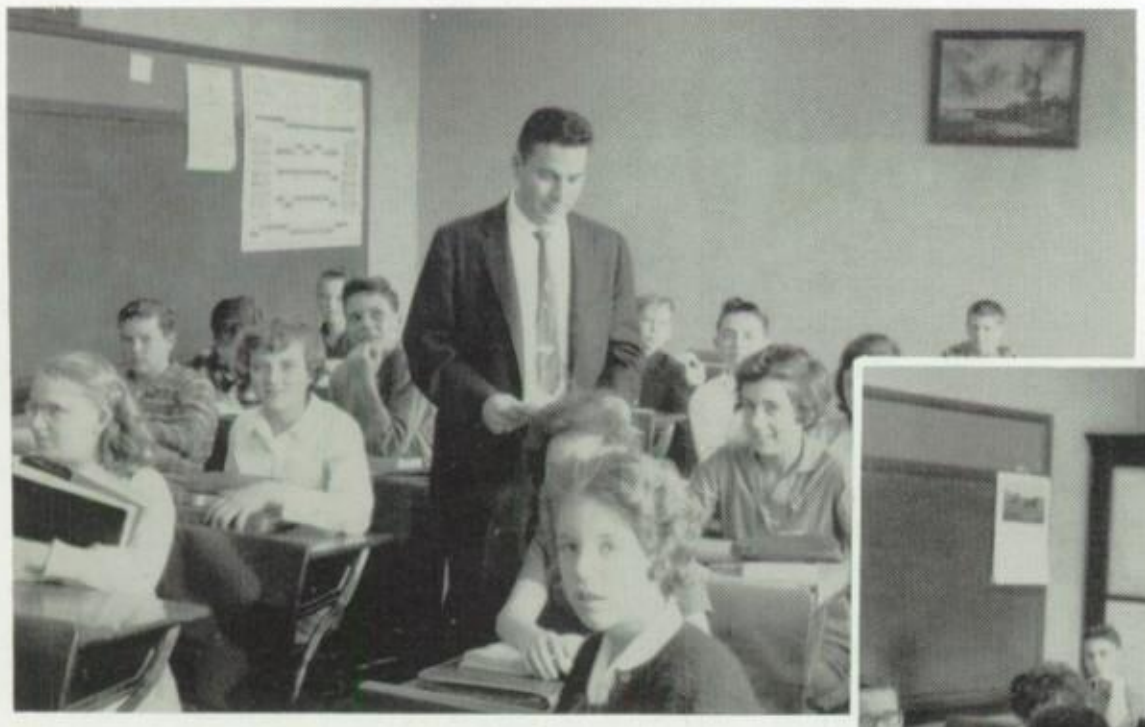
# FACULTY LANGUAGE ARTS

*Sitting:* Mrs. Irene Willis, Miss Ann James, Mrs. Marion Fellows, Miss Susan Magavero.
*Standing:* Mr. William Distler, Mr. Richard Willis.

The main purposes of English are to enable students to speak and to write fluently and to introduce the students to different types of literature. Teaching seventh grade English are Mr. Michael Valvo, Miss Ann James and Miss Bertha Russo; eighth grade teachers are Miss Bertha Russo and Mrs. Marion Fellows; freshman teachers are Mrs. Marion Fellows and Mr. Richard Willis; sophomore teachers are Mrs. Irene Willis and Mr. Richard Willis; junior teacher is Mr. William Distler; senior teacher is Mrs. Irene Willis.

French I and II and Oral French are taught by Mrs. Mary Woodcock. These courses deal with learning to speak proper French and the history of France.

Latin I and II are taught by Miss Susan Magavero. These courses deal with points of grammar and the translation of Latin into English. Miss Magavero also teaches French II.



Mr. Michael Valvo instructing his seventh grade English class.

Miss Bertha Russo giving assistance in understanding literature to a junior high English class.

# HISTORY FACULTY

*Sitting:* Mr. Dean Shaw, Mrs. Kathryn Whitney, Mr. Donald Thomas. *Standing:* Mr. Michael Valvo, Mr. Richard Glenzer.

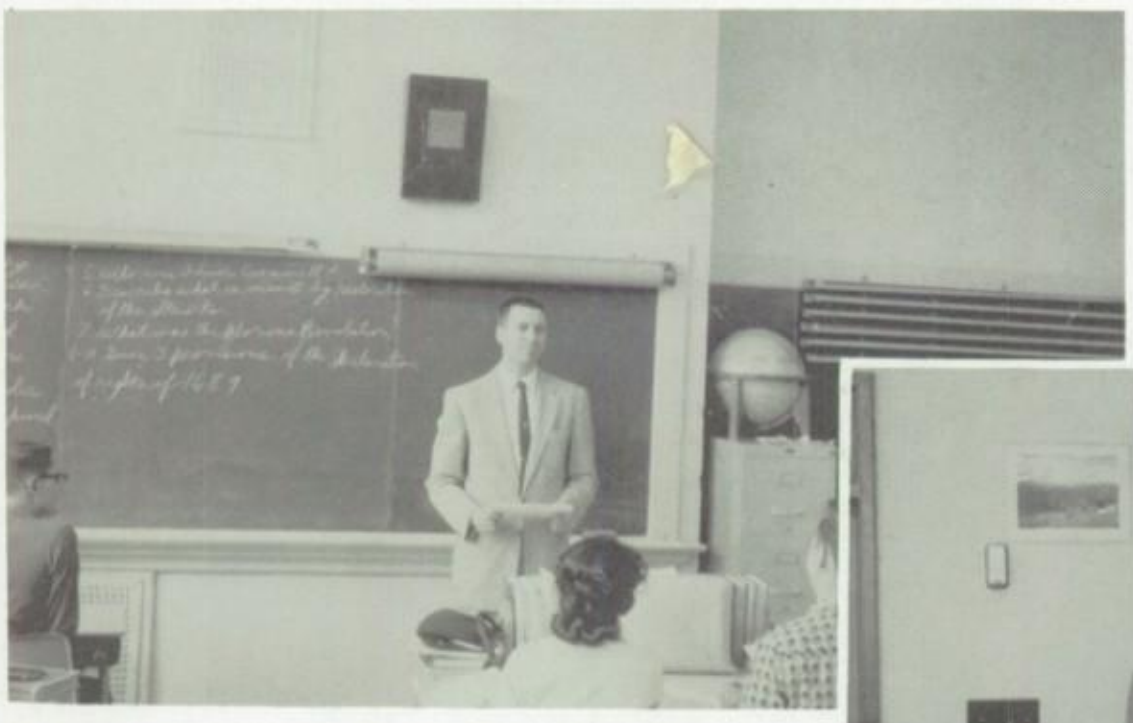
As a basis for the study of history, seventh grade students taught by Mr. Richard Glenzer and Mr. Michael Valvo concern themselves with a course in the history of New York State.

Mr. Glenzer and Mr. Dean Shaw increase the area of study by presenting eighth graders with a basic history of the United States and world background.

In ninth grade Citizenship Education classes, Mr. Shaw and Mr. William Baker present a unit entitled "Our Economic World" which includes the study of world geography as well as economics.

Mr. Baker and Mr. Donald Thomas give tenth grade students instruction in World History.

In the eleventh and twelfth grades, Mr. Thomas and Mrs. Kathryn Whitney teach their students American history in detail. Mr. Thomas also has a special twelfth grade class in Problems of Democracy.



Mr. William Baker teaches his sophomores World History.

Mr. Rocco Doino uses the map to point out historical events to his eighth grade history classes.

*Sitting:* Mr. Fredrick Meers, Mrs. Eloise Heyl, Mrs. Eleanor Mc Farland. *Standing:* Mr. B. Richard Bancroft, Mr. Robert Mc Elligott.

# FACULTY ART AND MUSIC

This year Fredonia Central High School is fortunate to have three fine teachers on the music staff. They are Mr. Fredrick Meers, Mr. Robert Mc Elligott and Mr. B. Richard Bancroft.

Mr. Mc Elligott, director of the vocal music at Fredonia, is conductor of the Hilltopper Mixed Chorus and Girls' Glee Club. He also instructs the seventh and eighth grade general music classes, with the exception of one class which is taught by Mr. Meers. Mr. Meers, Fredonia Central's first string instrument instructor, also conducts the music appreciation classes. Our band director is Mr. Bancroft; he also gives instrumental lessons.

Art in Fredonia Central School is taught by Mrs. Eloise Heyl and Mrs. Eleanor McFarland. Mrs. McFarland teaches seventh and eighth grade art and basic art I. Mrs. Heyl teaches one eighth grade class of art, Basic Art I, II, III, IV, and mechanical drawing.

Mrs. Heyl giving instructions to Junior high artists.

Mr. Meers showing Junior high students how the violin should be played.

# VOCATIONAL ARTS FACULTY

*Sitting:* Mrs. Mary Astry, Mr. Lyle Halsey, Miss Carolyn Arnold. *Standing:* Mr. Charles Bennett, Mr. Richard Krug.

Vocational Arts include many different fields of education. These fields include drivers education, homemaking, and industrial arts.

Mr. Charles Bennett, the driver education teacher instructs students to help make them better drivers. His classes consist of class room discussion and road driving.

The Home Economics department at Fredonia is comprised of Mrs. Mary Astry and Miss Carolyn Arnold. Mrs. Astry conducts general homemaking classes for the seventh and eighth grades. These classes help the girls learn how to cook and sew. The high school courses in homemaking are conducted by Miss Carolyn Arnold. Home relations, personal grooming and interior and exterior decorating are also taught.

The Industrial Arts staff consists of Mr. Halsey and Mr. Krug. Manual arts courses, general shop, wood and metal shop teach boys to be able to understand and work efficiently in industry.

Mr. Bennett preparing for his daily safe driving instruction.

Mr. Lyle Halsey and Mr. Richard Krug giving instruction on the use of the miter box.

Mr. R. Moore, Mrs. M. Joy, Mr. J. Mochelle, Miss B. Mueller

The boys' junior high physical education classes are similar to that of the senior high. Taught by Mr. Roger Moore, boys learn the basic skills so that in high school they can further develop them. Mr. Moore, who also has charge of the senior boys' classes, strives to condition the boys' muscles and reflexes so that they will improve their physical condition. Girls' physical education classes strive toward good physical health. Instructed by Miss Barbara Mueller, the girls participate in sports such as soccer, volleyball, basketball, baseball, and archery, plus other indoor recreation. Miss Mueller also advises girls' after school sports and cheerleading. Mr. John Mochelle coaches football and basketball in the high school.

Dr. Joseph Muscarella, our school physician, gives physical examinations to each student. He is responsible for checking boys before they participate in extra-curricular sports. Mrs. Mary Joy, in addition to being the high school nurse, is the attendance officer. She assists with immunization clinics and physical examinations. Miss Carol Loveland is our dental hygienist, who checks and cleans the teeth of all Fredonia Central School students.

# GUIDANCE-LIBRARY FACULTY

Mrs. Audra Renswick, *Librarian;* [illegible] Pierce, *Director of Guidance;* Miss Ann James, *Guidance Counselor.*

Fredonia Central Junior-Senior High School h[illegible] the advantage of having two guidance counselors, Miss Ann James and Mr. S. Lee Pierce, the Director of Guidance. The guidance department is instituted to counsel students with personal and vocational problems and to coordinate a guidance program. Other duties include preparing a guidance bulletin and vocational file, and informing students on available scholarships. Their primary goal, moreover, is to help the student make the most of himself.

Mrs. Audra Renswick is the librarian at Fredonia Central. It is her duty to culminate literary material and to help the students in locating the material that coordinates with and beyond the class room experience both for knowledge and enjoyment. However, who claims librarians are not teachers? Each year Mrs. Renswick instructs a unit on library work to each class and instructs students in the Library Club that she fostered. Moreover, the students would agree that much invaluable information and advice has been transmitted across her desk.

# SENIOR OFFICERS & ADVISORS

J. Noel, *treasurer;* S. Pinkerton, *secretary;* D. Ryel, *vice-president;* T. Scanio, *president.*

ADVISORS
W. Distler, D. Thompson, J. Willett.

Throughout the past year, the Senior Class has been ably led by its officers, chosen with a high vote of confidence and responsibility by the members of the graduating class.

The officers elected this year were Anthony Scanio, president; Deborah Ryel, vice-president; Susan Pinkerton, secretary; and John Noel, treasurer. These officers were given guidance and advice by the Senior Class advisor, Mr. William Distler.

During the year seniors participated in numerous activities. Among these were fund raising activities such as the sale of magazine subscriptions, class sponsorship of two dances, and the senior play, the most popular financial project. All is not work, however, for the Seniors had an annual Christmas party, at which they exchanged many gifts. This was probably the most popular class party. As the year came to a close, seniors prepared for three events, Class Night, the Senior Prom, and graduation. Thus four years spent in fun and study was drawn to a close.

# JUNIOR PLAY

*Time Out For Ginger* by Ronald Alexander is an outstanding family comedy which was produced in New York City in 1952. The Class of 1961 presented it as their junior play on March 24 and 25 of 1960. The story tells of a young girl who wants to play football; a father who believes that everyone has a right to be and do what he likes; and a community that becomes completely upset by the antics of the Howard family. Mrs. Irene Willis devoted her time and energy as director.

It is often said that time well-spent will be doubly rewarded. No other organization, we believe, profits both the school and the students more than the student council.

The Student Council meets weekly to transact business. The main purposes of this organization are to promote better student faculty relationships and to work toward better cooperation among the students themselves. The Council worked to attain these goals under the leadership of their advisor Mr. Richard Glenzer, the Executive Board and the Advisory Board.

The Executive Board consisted of Randall Porter, president; Charles Sawyer, vice-president; Carol Maggio, secretary; Anne Gugino, treasurer; Barry Worczak, chairman of the Board of Advisors; and two representatives from each class. Each member of this Executive Board has one vote on all issues.

The Advisory Board, consisting of a representative from each club, was instituted primarily to advise the Council and can only vote on issues concerning the clubs.

Many worthy projects were undertaken this year including the chartering of all clubs, providing a monthly school calendar, scheduling all activities, fostering a school newspaper and sponsoring an exchange student program.

The Student Council is indispensable to our school. Moreover, it helps the individual members to gain experience in campaign procedures and in accepting responsiblility which will be advantageous to them in becoming good citizens and adults.

# HONOR SOCIETY

Time is perhaps one of the most important factors in our journey through high school. Learning to budget time according to one's own needs is worthwhile in becoming an honor student. It is a great privilege for one to be a member of the National Honor Society.

Each year five per cent of the Junior Class and ten per cent of the Senior Class are installed as members of this organization. Eligible for membership are those students who are in the upper third of their class and who are outstanding for their qualities of leadership, scholarship, service, and character.

Following midyear examinations the faculty and the members of the National Honor Society choose new members based on the four qualities mentioned. These members are installed in an assembly. One of the senior members acts as leader and calls on the others to explain the ideals of the National Honor Society. These members then descend into the audience, tapping those who have best qualified for membership. They are then led to the platform to the candlelight ceremony, where they repeat the membership pledge.

This honor group meets only once a year with Mrs. Audra Renswick to prepare for the assembly. The purpose of this group is to promote the ideals of leadership, scholarship, service and character throughout Fredonia Central High School. The picture this year shows only the members elected last year who are still attending Fredonia High School.

Down through the ages, there have been many organizations set up to deal with service to others and to give a helping hand if possible. The Alpha Hi-Y is such an organization. Experience in the club gives a boy invaluable experience in preparation to become a worthwhile citizen of the world of tomorrow. Guiding the group this year are: President, John Noel; Vice-president, James Carlarco; Secretary, Michael Little; Treasurer, Jeff Gilray; and faculty advisor, Mr. William Distler.

The Alpha Hi-Y engages in many projects, including the Football Formal, an annual event bringing the football season to a close. The club also runs a refreshment stand at the football games and for the first time during the history of the school, they set up hall monitors to help clear the halls of congestion.

As the years pass we see many clubs fall out of existence, but that is not true of the Alpha Hi-Y. We hail this club as one of the outstanding clubs in Fredonia Central School.

# BETA-HI-Y

The Beta Hi-Y is our most recent addition to the time-honored procession of Hi-Y clubs at Fredonia Central High. The purpose of this club is to build character in its members and provide them with a good start toward becoming good citizens. The club meetings consist of lectures, and occasionally movies, about various areas of government.

The members are chosen on the basis of their character and leadership qualities. Their officers are Paul Carr, president; John Jagoda, vice-president; John Foster, secretary; Robert Hales, treasurer; and James Polivno, student council representative. The club advisor is Mr. Charles Johnston. The club's projects have been few, but because of the problems of a new organization, they have held several car washes to raise money. It is believed that the Beta Hi-Y has assumed the full responsibility of a leadership club in the Fredonia High School.

Following their motto, "To create, maintain, and extend throughout the home, school and community high standards of Christian Character," members of the Tri-Hi-Y use their time wisely in preparing today for a better world in which to live tomorrow. Among their many projects are the sale of Easter Lilies for the Easter Seal Society, Christmas caroling at the W.C.A. home, fashion show, Ugly Man contest, and the presentation of a scholarship to a senior girl.

Realizing that some time must be spent in recreation, the Tri-Hi-Y holds a Christmas party and a spring picnic with the Alpha and Beta-Hi-Y's. As preparation for participating in the government of our Country, the Tri-Hi-Y sponsors a bill at the area Legislative Assembly, and sends a representative to the State Hi-Y Legislative Assembly in Albany. Jan Buderkin was the representative at this annual assembly.

This year the Tri-Hi-Y was governed by Miss Ann James, advisor; Anne Gugino, president; JoAnne Scaccia, vice-president; Debby Ryel, secretary; Pat Jones, treasurer; Kathy Murphy, chaplain; and Annette Ciminello, Student Council representative.

# LEADERS CLUB

Good sportsmanship, cooperation, and spirit will always be needed in times to come. Working to promote these goals throughout the school are the members of the Leaders Club.

In the past, membership was limited to girls from the junior and senior classes, who had accumulated seven hundred points or more in after-school sports. This year the policy was changed to include freshman and sophomore girls also; the reason for this change was that upperclassmen were occupied with too many other activities. The requirements now are that each member takes three after school sports a year. A wide variety of sports is offered; such as soccer, basketball, badminton, shuffleboard, and bowling.

This year the club rented the pool at Pine Valley Central School for an evening's entertainment.

The Leaders' Club at Fredonia Central participates in playdays with other schools. At these playdays, which fall either after school or on a weekend, girls get together and take part in the sports which they particularly enjoy. As a special project this year, Leaders' Club members sold small black pins with an orange "F" on them. The club is ably supervised by Miss Barbara Mueller. The officers who led the girls in their club efforts this year are President, Barbara Everett; Vice-President, Barbara Young; Secretary-Treasurer, Mary Gugino; and Student Council Representative, Mary Fees.

Upon reaching High School, time seems to fly. The future is upon you. What is your plan for the future? Today there is a vast and growing need for teachers. Would you be a good teacher?

The Future Teachers of America Club was organized to enable students to study and identify the qualities, traits, and aptitudes that are basic or related to teaching, and to choose wisely appropriate fields of preparation. The year's program includes speakers, panel discussions given by students from Fredonia Teacher's College of Education, a day's visitation to Fredonia State, and observing and teaching in the elementary, public school system. By having a coat-check at all home basketball games the club is able to establish a $50 award for a deserving senior who will be going into the teaching profession.

These activities are conducted under the leadership of the club's officers, Faith Elliot, president; Barry Worczak, vice-president; Patricia Jones, secretary; Roberta Sprague, treasurer; and advisor, Mr. Michael Valvo.

Teaching is one of the most satisfying careers attainable. Education is the basis of our democracy; therefore, the responsibility of the teacher is essential to the preservation of our democratic principles.

# FUTURE HOMEMAKERS OF AMERICA

Time is never wasted. This most certainly holds true for the Future Homemakers of America. The time spent on a program such as homemaking helps to prepare the members as American homemakers of the future, and gives each girl a chance to learn the principles of home management.

FHA is open to any girl who has completed a homemaking course. The purpose of this club is to provide opportunities to develop leadership and personality, to encourage democracy in home, school, and community life, and to promote wholesome recreation and good will among the students. The club had various projects throughout the year; some of its most popular is the sale of popcorn during football and basketball games and the making and selling of Christmas corsages during December. FHA is state and nationally affiliated, represented by Rosemary Johnson, district officer. Regular meetings are held Thursday after school. As a member of the National Future Homemakers of America, this club also attends zone and state meetings of the FHA.

The advisor of this group is Miss Carolyn Arnold. The officers this year include: Wendy Horey, president; Glenda Stetson, vice-president; Rosemary Johnson, secretary; and Peggy Wallace, treasurer. These club officers see that every girl who participates in the club activities has an equal and excellent opportunity to learn about home management.

In this day and age as we appear to be running a race with time, there are so many social and domestic activities for the student that the academic subjects seem to be confined to the classroom. As it provides a means for social growth, the Junior High Math Club also serves to expound in the academic field of mathematics.

Under the leadership of its officers, Glenn Davis, president; Patricia Butler, vice-president; Brian Horey, treasurer; Judy Gormly, secretary; and advisor, Mr. Conrad Pawlak, the Math Club strives to broaden and to deepen interest in math, to increase the members' knowledge, and to pass on to others an appreciation of the values of this subject.

The Math Club is soley founded for the benefit of Junior High pupils. Membership is based on the student's academic average in the field of Math. Seventh graders must attain an average of 95 or above while eighth graders must attain an average of 90 or above.

The club activities generally consist of speakers on mathematics and associated topics and visitations to industries where math is an essential part of the program. Social activities include a picnic at the end of the year, and the sponsoring of a record hop.

This year the club is proud to announce that it has set up a $10 award for the senior who has excelled in mathematics. In this and in other ways this organization is identifying itself with the advancement of mathematics.

# SCIENCE CLUB

Science is changing our world from day to day. Fantastic new discoveries have been made and more of man's resources are being utilized; however, progress is a perpetual happening. The first requirement for scientific progress is curiosity. The Science Club at Fredonia Central was founded so that these curiosities among the students might be satisfied through learning experiences.

In previous years this was accomplished on a purely demonstration basis. However, this year the experimentation will be done by the individual students. Therefore the requirements for every member are: a worthy scientific project and an aveage of 85 or above in one or more of the three academic science courses offered — biology, chemistry or physics.

Prominent in the club's promotion and success were its officers: David Gloss, president; Roberta Sprague, vice-president; and Joyce Thies, secretary-treasurer; and co-advisors Mr. James Willet, and Mr. Horace Reynolds.

Of the projects that are completed in time, several are put on exhibit at the Science Fair in Buffalo, New York. Thus our school is promoting progress and setting forth in various students their potential in science.

*First Row: Advisor*, Mr. Reynolds; J. Dickenson, H. Burrichter, D. Gloss, J. Thies, E. Szuts, J. Schroeder; Mr. Willett, *Advisor*. *Second Row:* J. Gormly, R. Sprague, A. Rubenstien, R. Porter, C. Capel, B. Boyd, D. Prince, J. Gruver, R. Marsh, K. Johnson.

As one progresses through time, he can see a change in the cultural things as well as scientific and economic values. The Art Club is comprised of those students in Fredonia High School who wish to share artistic interest and accomplishments. The purpose of the Art Club is to promote appreciation and enjoyment of the fine arts.

Membership in the Art Club is not limited to those who are taking art courses but to anyone interested in art and desiring to join such an organization. This year the club is led by Mrs. Eloise Hyel, advisor; Ronald Pucci, president; James Calarco, vice-president; Joseph Bucolo, treasurer; and Debby Ryel, secretary.

With the funds it has raised throughout the year, the Art Club goes on excursions to various places of cultural value such as the Albright Art Gallery in Buffalo. One of its most worthwhile projects down through the passing time has been the providing of service to the entire school. This is done by the making of scenery used during plays and assemblies; also by the decoration put in various places throughout the school to put one in the mood of the particular season.

# LIBRARY CLUB

As the infinity of time rolls along, history is continuously being made and knowledge in literary form is being compiled. The storehouse of this knowledge is the library. The Library Club, a service organization at Fredonia Central, was organized to help extend library services. As each member works in the library one period a week doing routine work such as shelving and checking books, the librarian is free to do more specialized work.

While advantageous to the school, the Library Club is also advantageous to the individual. Through this type of work one not only becomes acquainted with books and library arrangement which aids in effectual library usage, but one also learns to accept responsibility and authority.

Under the direction of its advisor Mrs. Audra Renswick and officers, Bonnie Smith, President; Robert Schanzlin, vice-president; and Karen McCune, secretary and treasurer. The Library Club enjoys its work and social activities which consist of a Christmas party and a picnic in the spring.

The Library Club is helping to educate the students in becoming well-rounded citizens.

Time marches on and so does the Fredonia band, under the leadership of Mr. B. Richard Bancroft; Daniel Boss, President; Robert Beckmann, Vice-President; Janet Stafford, Secretary; Laurie Urbscheit, Treasurer; and Pat Jones and Sue Forster, Librarians.

The Senior Band has had one of its busiest years. It performed as a marching organization for the football season and then turned to concert music for the winter and spring seasons. The highlight of much practice was the band's concert tour to Canada on March 15, 16, and 17. Other performances by the band included competing in the New York State Music competition in grade six music, the most difficult music for band; the Winter concert, the Spring concert, parades, and summer concerts.

This year the band was fortunate to have two of its members selected to the all-New York State band and orchestra. They were Sally Arnold and Ete Szuts. The band also had nine members selected for the area all-State Senior Band and thirteen members selected for the area All-State Junior Band.

Once again at Fredonia Central High School, a Hilltop Mixed Chorus was formed to follow in the excellent footsteps of previous Hilltop Choruses. Directed by Mr. Robert McElligott, the forty-five members of the Chorus, led by Hilda Burrichter, president; Carole Lee Croninger, vice-president; Pat Dedrick, secretary-treasurer; and Faith Elliott and Susan Burt, accompanists; gave their annual Christmas assembly and spring concert, as well as planning other school programs and various activities. Attending Mixed Chorus sixth period Tuesdays, Thursdays, and alternate Fridays, the members receive one-half credit each year .

# GIRLS' GLEE

From time immemorial, music has been an important part of culture and as time continues music shall continue to play an important part of our culture.

Realizing this, students formed a Girls Glee Club again this year to present a Christmas program, a spring concert and other assemblies, and to learn some of the basic fundamentals of choral singing. The Glee Club is made up of members of the freshman, sophomore, junior and senior classes who receive one-half credit for their participation. Glee Club is held sixth period on Mondays, Wednesdays, and alternate Fridays. The Glee Club is accompanied by Faith Elliott. This year the officers are Susan Pinkerton, president; Annette Ciminello, vice-president; and Sandra Abromawicz, secretary.

*First Row:* P. Dedrick, A. Ciminello, M. Mancuso, D. Eddy, C. Washburn, S. Delcamp, J. Lamphear, B. Smith, C. Kinney, S. Pinkerton, *President;* S. Johnson, H. Burrichter, Mr. McElligott, *Advisor. Calciterra, P. Pelton, G. Notaro, J. Skypek, E. Patti.

The importance of accurately and efficiently handled business increases as time marches on. The Commercial Club's function is to prepare students for and acquaint them with the world of business beyond the instruction they receive in class.

Students must have completed two business courses and must be taking a third course in order to be eligible for membership in the Commercial Club.

This year under the direction of President Carol Maggio, Vice-President Susan Schardt, Secretary Judy Wallen, Treasurer Annette Speziale, and Advisor Mrs. Ruth Moore, the club sold pop and candy at the home basketball games. They also sold school supplies before school in the mornings and sponsored a dance. The money earned from these projects was applied to a scholarship fund. Each year a deserving senior girl and boy is presented with an award and this year the Commercial Club is aiding the P.T.A. with its scholarship.

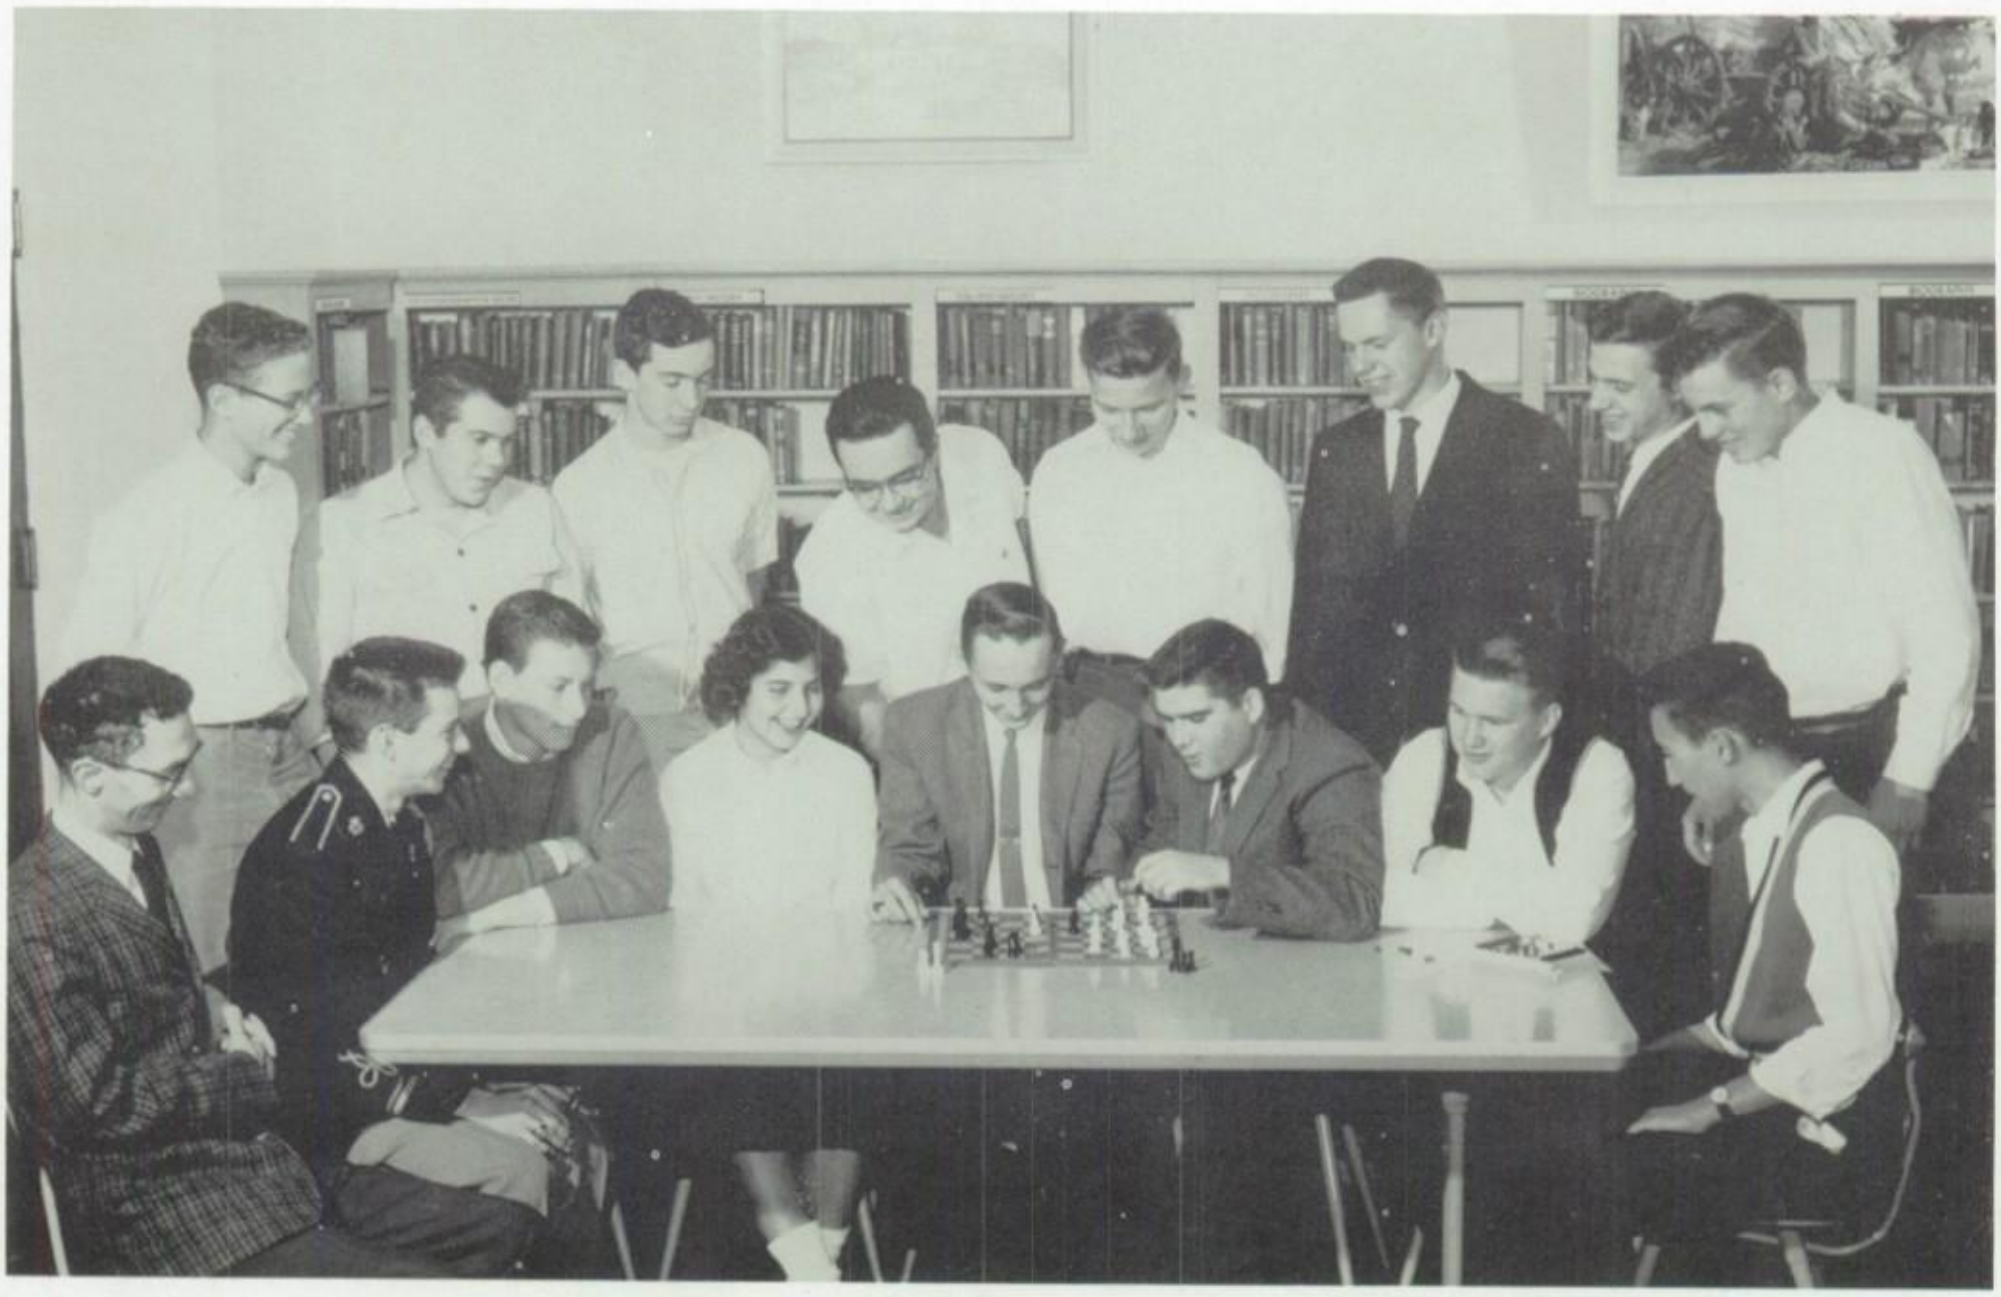
The Commercial Club has planned a field trip to prove they also have many purely fun activities.

# CHESS CLUB

Time and the correct and unhurried use of it are very important in the game of chess. This game provides a source of entertainment while helping students to develop their powers of reasoning and patience.

The Chess Club meets every Thursday evening in the school library. Every member in attendance must challenge and play another member each week. A previously founded point system is used to keep order and determine who is the best player in the club. Each member starts at the beginning of the year with fifteen points. Each time a player challenges and defeats a player with the same amount or more points than he has, he gains a point and his opponent loses one. At each meeting either the president or the advisor, Mr. Thomas, sets up a chess problem for the members to solve. The first one offering a correct solution receives a point.

The officers of the Chess Club this year are Tom Anderson, president; Alvin Weise, vice-president; Richard Cave, secretary-treasurer; and Barry Worczak, student council representative. During the year the top five members from the club are incorporated as a team and play other chess teams from the high schools in the surrounding areas.



*First Row: Advisor*, Mr. Donald Thomas; J. Webster, A. Rubenstien, J. Jeffreys, T. Anderson, B. Worczak, C. Cliver, T. DeJoe. *Second Row:* R. Hale, A. Weise, T. Woodcock, R. Bechmann, E. Sziits, R. Luce, D. Gloss, R. Cave.

Interested in the education of their children and students, many parents and faculty members belong to the Parent-Teachers' Association. In charge of the program held once a month are the officers, Mr. William Forester, president; Mrs. Casimer Ware, vice-president; Mrs. Betty Hale, secretary; and Mr. Richard Glenzer, treasurer.

Besides the interesting educational programs held each month, the PTA also holds social events and fund raising projects. One of its most worthy endeavors is the Educational Assistance Fund, which gives scholarships to needy seniors to help further their education. A word of thanks to a very worthwhile organization.

# FOREIGN EXCHANGE STUDENTS

Miss Dolores Morales

In exchange for our senior girls spending time in South America, Delores Morales was sent from Panama to FCS early in September to spend the school year here. Delores, "Lolly" as she prefers to be called, stayed at each of three girls' homes for a period of three months. Lolly offered to let three girls stay at her home in exchange for visiting the United States. Lolly graduated from her high school in Panama, and while she was at FCS as a senior, she pursued a business course. The class of 1961 sincerely hopes that Lolly has many pleasant memories to carry back to Panama.

Last summer three of our senior girls, Anne Gugino, Joanne Dorman, and Roberta Sprague, spent three months in South America as part of our new Foreign Exchange Program. The trips were granted to the girls under International Fellowship Union, Inc. Each candidate at FCS had to fill out an application blank and write a composition dealing with his reasons for wanting to go to a Latin American country. Our high school selected six students from among the applicants, who were then interviewed by a member of IFU. The final selection came last June. Anne and Joanne went to Panama, and Roberta went to Quito, Ecuador. The time spent in South America will always be remembered as a high point in the lives of these girls.

Fredonia Central School has had many outstanding footballs teams during previous seasons. This year also proved to be a good year for the Fredonia Hillbillies.

Coach Lesso and Coach Moschelle with the KOFC Trophy.

While the season was not a complete success, it is felt that the team made a good showing. The season ended with an even record of 4 wins, 4 losses. The sport's atmosphere brightened as victories over our rival schools, Dunkirk and Mindzenty were declared. Mindzenty was defeated 20-6; consequently, these wins gave Fredonia one year possession of the Knights of Columbus Trophy. The team's coaches were Mr. Victor Lesso and Mr. John Moschelle. Once again Fredonia players were found appointed to the Southwestern Conference All-Star team. This year Loren Wood and Ronald Pucci were on the first team, and Anthony Scania, John Prince and Randolph Porter were on the second team.

Although twenty-two members of the squad will be graduating, the oncoming teams will be striving spiritedly to meet their goal and attain success.

Basketball season is an exciting time at Fredonia Central. The team this year is made up of many experienced seniors and a few promising sophomores and juniors. This year the team is known as the tallest in the league. The season, extending from December 9 to March 3 with a total of 18 games, began victoriously for the Billies when they beat Falconer 70-38. At press time they are credited with four wins and one loss in league play, plus an important victory over neighboring Cardinal Mindszenty High School. The only loss in the league came at the hands of Jamestown, with a close score of 48-47. The team is tied with Dunkirk and Jamestown for first place in the Lake Shore League. Coach Roger Moore and the team members are working very hard to become sole possessor of the first place, and to continue to have a successful season. They are to be congratulated for their fine work and are wished success in their efforts.
